

Experience Italy caters to discriminating travelers who want to experience the country in a memorable way, whether visiting Italy for business or pleasure. Offering a variety of specialized destinations and customized tours for groups and individuals, Experience Italy provides an expertise based on first-hand experience with the country.

All recommended accommodations are personally reviewed, and tour companies and guides are chosen for their knowledge and command of the English language.

Specializing in Italian Travel since 2001, we take great pride in our first-hand knowledge of the many regions that make up Italia. Personally inspecting the properties that we use for our clients assures that we can recommend the best property to meet our clients needs and make their Italian journey one that they will always remember! We personally interview the drivers and guides to ensure that our clients receive both top-of-the-line service and the most knowledgeable guides in the region.
